Version Control
Communication
Project Management

PROFESSIONAL EXPERIENCE

KB Développement Oran (Remote).
Front-end Web Developer

December 2022 -December 2024

As a Front-end Web Developer at KB Développement, I focused on building dynamic, user-friendly web applications. Leveraging modern technologies, I collaborated with cross-functional teams to deliver high-quality digital solutions.

Key Responsibilities:

- Developed and optimized web applications using React, Refine, Next.js, and TypeScript.
- Collaborated with designers and backend developers to create seamless user experiences.
- Implemented responsive design principles to ensure compatibility across various devices.
- Conducted code reviews to maintain code quality and consistency.
- Managed application state using Redux and Context API.
- Managed version control using Git and collaborated with team members via GitHub.

EGIC Ibn Sina Oran.
Web Development Instructor

January 2024 - April 2024

As a Web Development Instructor at EGIC Ibn Sina, I was responsible for designing and delivering comprehensive web development courses. I guided students through the fundamentals and advanced concepts of web development, ensuring they acquired the necessary skills to build modern web applications.

Key Responsibilities:

- Developed and delivered curriculum on web development technologies and best practices.
- Taught students how to build web applications using HTML, CSS, JavaScript,
- Created engaging instructional materials, including lectures, hands-on projects, and assessments.
- Provided one-on-one mentorship and support to students, helping them overcome technical challenges.
- Evaluated student progress and provided constructive feedback to enhance their learning experience.

As a Sales Representative at SB Distribution, I was responsible for driving sales and providing customer service. I communicated product features and benefits to customers, contributing to increased sales and customer satisfaction.

Key Responsibilities:

- Engaged with customers to understand their needs and recommend appropriate products.
- Demonstrated product features and benefits to encourage purchases.
- Managed inventory, restocked shelves, and ensured product displays were visually appealing.
- Processed sales transactions accurately and efficiently.
- Maintained knowledge of current promotions, policies, and procedures to provide accurate information to customers.
- Built and maintained positive relationships with customers to encourage repeat business.

Note: I have three other work experiences that are not included in this resume as they are not directly relevant to the career I am pursuing, except for my role as an IT Instructor between January and March 2017 at EMICOM Oran in which , I delivered lectures and hands-on training in IT fundamentals.
